## Kapitel 16: ~•~ Cry out loud ~•~

### Cry out loud

The sun wakes up  
It's all a lie  
You can't change anything  
They say  
With a curse

The rain comes down  
It's not a fight  
The decision is taken  
You say  
Don't fade away

You have to...

*Cry out loud  
Let them hear your screaming  
The good and the bad ones  
They are all dust  
All is nothing  
And nothing is all  
That's the only truth*

The rain cries  
The sun laughs  
You can't deny it  
But it's not a lie  
To fight for something better

Take your step and...

*Cry out loud*

*Let them hear your screaming  
The rich and the poor ones  
They are all the same  
In this world  
Of all and nothing  
That's the only truth*

*Cry out loud  
Let them hear your screaming  
The good and the bad ones  
They are all dust  
All is nothing  
And nothing is all  
That's the only truth*

The beginning is done  
The end is open  
All is nothing  
And nothing is all  
Cry out loud  
Until everyone understand
