Once in the night

Once in the night

*Once in the night
I layed there
Suffering
On long forgotten pain*

*Once in the night
I layed there
In icy dark
Of long forgotten loneliness*

*Once in the night
I stayed there
Alltime awake
Seeing up to dreams*

*Once in the night
I cried there
Out
For someone holding me*

*Once in the night...
Here I am waiting
For you to hold
My hand again*
